

Welcome to the Unique Healthcare MEC Plus Program provided by your employer and administered by Adiuvare Healthcare, LLC. This program was developed to allow you to see a direct primary care provider 365 days a year with no deductible and no co-pay. We coupled this outstanding program with Minimum Essential Coverage (MEC) providing a preventive care wellness program under the Patient Protection and Affordable Care Act (PPACA). These programs working together will help maximize your healthcare dollar.

You will receive your MEC Plus Program medical benefits card approximately two (2) weeks from your effective date along with information about your direct primary care provider, our network providers, First Health Network, and other information concerning your coverage under the MEC Plus Program will be contained in the packet.

For emergency care, go to the emergency room. When you are able to, contact Unique Healthcare to ensure proper adjustments are applied to the final bill.

A list of all First Health in-network physicians, clinics, and hospitals in the First Health network m can be found at: <u>https://providerlocator.firsthealth.com/home/index</u>
